SHELTON STATE TO OFFICIALLY OPEN NEW BASKETBALL GYMNASIUM

A new state-of-the-art gymnasium that will seat 1300 Buccaneer fans will be officially opened on Saturday, November 16, during the Shelton State-Chattanooga State Community College basketball games. The women's basketball team will play at the new facility at 5:30 p.m. and the men's team at 7:30 p.m. Official ceremonies will be held during half time of each game.

Four separate locker rooms along with a training room, conference room and

concession booth are part of the new gymnasium. A lobby located on the southwestern entrance of the college is one of the focal points of the building architecturally.

"Not having a gymnasium these past years has been difficult. I had a special place in the road on the way to practice where I could see the gymnasium we were allowed to use. If I saw cars in the parking lot, I knew we couldn't have the gym for our practice that day. I'm really thankful to the college and the administration for the new facility," Cornelius said.

"This year's team should be real exciting. We have five starters returning along with two players who didn't play last year. We've played really well in our scrimmage games, and I'm very optimistic about this season," Cornelius adds.

"Most of our team is from the West Alabama

Area. Two of our players, Calvin McCaa and Don Rice are from Central High School. Reginald Alexander is from Eutaw and Steve Connor is from Demopolis. Eric Edwards and Sharrard Hines are from Livingston. There is a great deal of talent in this area of the state, and we like to recruit from West Alabama," Cornelius said.

The new gymnasium will be used for college events such as Honors Night and graduation as well as for the college's intramural sports program.

NEW SHELTON ALUMNI ASSOCIATION WILL HOLD FIRST MEETING

For current and former students and faculty, business leaders, and friends of the college, the newly formed SHELTON STATE ALUMNI ASSOCIATION offers the thousands of students who have attended the college

through the years the opportunity to meet, network, and learn how they can benefit by joining the Shelton Alumni Association.

"We are excited about the new alumni association but want to stress you do not have to be a graduate of the college to be a member of the alumni association," said Lucy Kubiszyn, alumni director. "In fact, we want to encourage anyone who would like to get involved with a great group to people to join us for our first meeting. Much work and planning have gone into this event. We want people to come, have a good time, and leave thinking they really got something out of the meeting," Kubiszyn said.

Shelton State instructor Martha Ann Hill, a highly respected motivational speaker, will talk about "Dealing with the Jerks in your Life." "I think this is a light-hearted subject and one we can all relate to. Martha Ann gave this talk at a national conference last spring and literally had everyone in stitches laughing," Kubiszyn said. Also, as part of the program, Holly Sexton and Roland Pugh, who were recently elected "Alumni of the Year" by the faculty and staff will be introduced.

Jennifer Lake Kidwell is serving as the first president of the alumni association. "We are trying to reach as many of our former students as possible," Kidwell said. "We have people from the various counties in Shelton's service area who are serving as officers in the organization, and we hope to have a good crowd at our first meeting."

Dues to join the Shelton State Alumni Association are \$15 a year. Corporate dues are \$100, \$250, and \$500. Anyone who is interested in joining the association should contact the alumni office at the college, 391-2221.

LEWIS AND KUBISZYN RECOGNIZED BY FOUNDATION

Louise Lewis and Lucy Kubiszyn, who have served on a volunteer basis as

executive directors of the Shelton State Foundation, were recognized recently for their efforts by members of the Foundation Board of Directors and other friends of the college.

Effective December 31, the two women will retire from their foundation positions, and the Shelton Foundation will begin a job search for a paid executive director. The position will be for one year but will be renewable.

Mrs. Kubiszyn has served the Shelton State Foundation since it began in 1984, and Mrs. Lewis led the Fredd State Foundation since it was incorporated in 1987. When the two foundations merged several years ago, the two women agreed to continue on the board in their volunteer capacity.

Another example of quality (customer satisfaction and institutional effectiveness) in action:

At mid-term in her political science classes, Margaret Purcell conducts a survey of her students to assess her effectiveness.

She asks students the following questions:

1. What were your expectations of the course when you registered?
2. What one thing would you most like to change about the course?
3. What one thing would you most like to keep about the course?
4. What one thing about the instructor's teaching would you most like to keep?
5. What one thing about the instructor's teaching method would you most like to change?
6. How would you design the class if you were the instructor?
7. Do you think Shelton State should offer more political science courses?

After the survey has been completed, Ms. Purcell and the students discuss the results.
